

Play Group/ Off Leash Requirements

To be accepted into a playgroup or off leash walks, your dog must first meet certain requirements including, but not limited to, the following:

- Up to date vaccinations.
- Dog must be well socialized.
- Dogs 11 months or older must be spayed or neutered.
- Dog must have NO history of aggressive behaviour towards people or other dogs. This includes toy/ball aggression.
- Dog must not pull excessively on-leash (this is very important as he/she will be walked with up to four other dogs and the walker must have complete control at all times).
- To qualify for off-leash park time, your dog must have good recall (i.e., he comes when you call him/her) and know the 'sit' and 'stay' commands.
